- ✓ Personal Learning Plans
- ✓ 1-to-1 Mentoring
- ✓ Small Class Sizes (1-5 ratio)
- ✓ Pastoral & Wellbeing Support
- ✓ SEND & SEMH Support
- ✓ Careers Guidance & Next Steps

FINDING THE GAPS - THE INITIAL ASSESSMENT JOURNEY

Upon enrolment, all students complete an Initial Assessment to determine their functional level from Pre-Entry to Level 2. This is followed by a Diagnostic Assessment which maps specific strengths and pinpoint learning gaps.

This data produces a Personalised Learning Plan (ILP), offering students targeted multimedia resources, interactive lessons, and videos that address their specific needs directly. This data-driven approach removes the guesswork from teaching.

TERMLY PROGRESS REPORTING

We provide formal reporting every term to schools and partners. These reports clearly evidence where each student is in their journey, detailing skill mastery and movement across levels.

**ONE CURRICULUM.
ENDLESS POSSIBILITIES.**

We tailor learning to each individual, combining academic rigour with vocational excellence to prepare learners for the next step - college, employment or apprenticeships.

**EDUCATE
EMPOWER
INSPIRE**

OUR LEARNING SPACES

Purpose-built. Supportive. Designed for every learner.

Our facilities are carefully designed to create a calm, engaging and productive environment where students feel supported, motivated and ready to succeed.

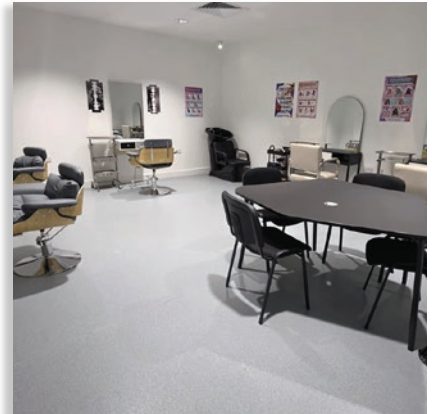

CLASSROOM

Main learning area. Adaptable space.
